Coltellerie Berti

INSIEME SET OF BLOCK AND SHARPENING TOOL WITH CORNOTECH HANDLE

\$240

DESCRIPTION

This set of wooden block and sharpening tool is an essential addition to any kitchen and will maintain the functionality of every blade, standing the test of time. The long sharpening knife is made entirely in steel with a chrome finish, while the slightly tapered handle is in cornotech, which is durable lucite with a finish that gives it the appearance of ox horn. The block in wood has magnets that will connect it to other blocks to create personalized configurations in the kitchen.
