INSIEME TAPESTRY

\$17,760

## DESCRIPTION

Showcasing vivid color nuances enhanced by the shimmering and fluid surface of silk velvet, this unique tapestry is part of the Velvet Lagoon Project presented at the Venice Biennale. It is exquisitely painted by hand using cornflower blue and azure pigments for the background, and colored pastes and murrine Murano glass to create the ensemble ("insieme" in Italian) of fish. The tapestry is assembled on a wooden frame.
