INSULA III MIRROR

\$1,430

DESCRIPTION

This one-of-a-kind mirror is crafted by hand and will be a superb addition to a modern interior. Its striking combination of rigorous geometry and chromatic contrasts makes it a unique piece to showcase in any room. The round silhouette features a wooden base that supports a series of mirrored glass elements framed in a steel setting. A hand-finished brass triangle and a curved slab of splendid green Guatemala marble complete this striking, asymmetrical design.
