**INSULA MIRROR**

\$1,130

## DESCRIPTION

Part of the Insula Collection ("island" in Latin), this elegant mirror is an abstract rendition of the insular landscape of the Mediterranean Sea that will be a sophisticated addition to a contemporary decor. Its round silhouette is adorned with a series of asymmetrical lines, defining the space and adding a dynamic sense of movement. The wooden base supports the different mirrored elements, that are cut and assembled by hand in an aluminum frame.
