INVARIANTS GOLD POUF

\$2,400

DESCRIPTION

This stunning pouf will be a standout addition to a contemporary home, where it will provide extra seating, while also adding a post-modern touch to the decor. Inspired by the work of Gabriel Orozco and part of the Invariants collection, this pouf boasts a sleek cylindrical shape with no screws or joints. It was crafted entirely in a material developed by Frisoli called Frisoli Penelope, where carbon fiber is mixed in with gold, creating a stunning coloration and luxurious texture.
