IRON BROWN COFFEE TABLE

\$1,510

DESCRIPTION

Merging industrial and traditional elements, this coffee table is impeccably crafted by hand. The wood-veneered frame includes two elegantly curved, criss-crossed legs and a rectangular top with raised borders in Corten iron with a captivating rust-like finish. A removable small tray in a darker veneer sits inside the top frame, offering a practical surface for displaying or serving drinks when needed. Variations in color and size are to be expected due to the natural materials and handmade process.
