IRON MOCHA COFFEE TABLE

\$1,510

DESCRIPTION

Exuding modern allure with its sleek and bold design, this coffee table is characterized by a dynamic interplay of materials and geometric shapes. The rectangular top is raised on two curved, criss-crossed legs in dark wood-veneer on each side, and features a raised border made of Corten iron with a rust-like, weathered effect. A small removable white-veneered tray is added to the top. Shape and wood grain may slightly differ from the pictured item depending on the wood used.
