IRON RING WITH GOLD AND ONYX

\$2,880

DESCRIPTION

Marked by a distinctly modern feel, this cocktail ring has a sculptural charm that will complement both classic and casual outfits. Fashioned of hand-chiseled iron, this sophisticated piece of jewelry showcases an 8.80k black star onyx with a cabochon cut (16 x 12 mm). The ring's oval shape has a textured black finish that complements the warm hue of the 18k gold inside shank and rim around the central stone. The ring is a size 13.
