ISABELLE TABLE LAMP

\$1,410

DESCRIPTION

A classic shape with a modern flair, this table lamp derives its strong personality from the superb body crafted of ceramic with an amphora shape and ridged surface that is hand-painted in a stunning cobalt-blue color. A contrasting silver color highlights the round base and neck of the sinuous body that is topped with a drum shade in ivory fabric with cobalt-blue trim around the borders. This lamp will elegantly pair with a modern or mid-century decor, where it will create a refined focal point on a console, side table, or sideboard.
