### DESCRIPTION

Exuding a comfortable and sensual aesthetic, this sofa features a structure in fir, poplar wood and metal, equipped with an elastic belt spring system stretched over a metal frame padded with high-resistance expanded polyurethane covered with thermo-bonded fiber and stretch jersey. Seat and back cushions are filled with 100% European goose feather, 10% down and expanded polyurethane and memory foam, and are upholstered with removable red fabric. The matte bronze-polished metal feet complete this unique design. Decorative cushions 50x50 are not included. Contract and commercial certifications available upon request.
