ISTANBUL GOLD PLATE #5

\$135

DESCRIPTION

A tribute to the golden city of Istanbul, this plate is part of a set of six portraying a view of the city from one of its renowned districts, in this case Tophane, the ancient cultural and trade center during the Ottoman Empire. This plate depicts the linear architecture of Tophane Fountain in a black and white print that stands out against the gold sky for a dynamic visual effect. Best displayed with the other 5 of the collection to evoke the magic atmosphere of this stunning city on a special dinner, the set makes a splendid housewarming or wedding gift.
