ISTANBUL GOLD PLATE #6

\$135

DESCRIPTION

Part of a series of six porcelain plates dedicated to Istanbul, this exquisite plate showcases the view of the golden city from the Pera district. Rendered in a black and white print style, the plate meticulously details a bird-eye of the heart of Istanbul, looking over the Bosphorus strait to the Hagia Sofia, the gold-hued sky adding a lavish touch to the piece. The six designs can be used on a table on special-themed dinners or hand on a wall as decorative accents along a hallway or in a dining room to add an elegant and evocative allure to a classically furnished interior.
