Bragagnolo Argenti

ITALIC DECANTER

\$325

DESCRIPTION

Characterized by an unconventional geometric shape and dynamic texture, this stunning decanter will be a superb vessel to serve wine, particularly red, on all dining occasions. The silver-plated surface boasts a hand-hammered texture that enhances the exclusive design and adds sparkle and elegance to the table. The gold interior maintains wine at the perfect temperature. Visually balancing the slanted design, the L-shaped handle is connected to the top and bottom in a wide, sharp angle that contrasts with the undulated mouth. It holds 1.3 liters.
