JACO 48 LAMP

\$1,770

DESCRIPTION

A harmonious union of traditional techniques and contemporary design aesthetic, this lamp is a sublime addition to a modern-style living room, bedroom, or study. The sleek silhouette is composed of simple, elongated forms: a tall, rectangular base and an identically shaped lampshade, effortlessly connected with a delicate cylindrical rod. The texture and color of the raw wool lampshade is enriched by the dark, industrial quality of the iron-concrete base, creating a stunning visual effect.
