**JACQUES CABINET**

\$7,980

## DESCRIPTION

Reinterpreting the concept of traditional storage in an eye-catching design, this exclusive cabinet will be the focal point in a modern living room and dining room. The luxurious checkerboard pattern is crafted by masterfully assembling Albin wood-veneered pieces, whose stunning natural wood grains are enhanced by a glossy finish. The two doors have a push-open system to preserve the harmony of the design and reveal an interior storage of glossy natural maple with two shelves. A piece of great visual impact, this cabinet is best displayed with minimal accents.
