## JAZZ TALL ROUND SIDE TABLE

\$3,605

### DESCRIPTION

Marked by a circular aesthetic, this side table is as visually pleasing above as it is below the top, where the metal curve inwards to support an additional round shelf. The round tops in white Calacatta Gold marble add a refined touch, complementing the champagne finish of the metal frame. This versatile piece will be best displayed alongside the matching pieces from the Jazz Collection in a mid-century living room for a cohesive look. The top is available also in glass or Santos rosewood with the decorative inlays from the Zarafa Collection.
