JEAN COFFEE TABLE

\$16,190

DESCRIPTION

Entirely handcrafted of white bronze with the lost wax cast technique, this eye-catching sculptural table features a top decorated with a delicate pattern of butterflies with a surprising optical illusion. The open box silhouette adds lightness to this modern and versatile piece that can be used both indoors and outdoors. The craftsmanship of the manufacture and the luxurious material used create an elegant and harmonious result. It can be paired with the side table from the same collection for a complete look.
