

LIGHTING : TABLE LAMPS

Interia

JELLY RED TABLE LAMP BY ALALDA DESIGN

\$380

DESCRIPTION

Inspired by the structure of jellyfish, this playful and modern design creates a sculptural piece of functional decor. The structure is in metal with a red lacquered finish. The sinuous silhouette functions as support and encloses the LED bulb with a porcelain finish, infusing a unique and warm effect. For the 100V-wired version of this piece the bulb is not included.
