JOTA RECTANGULAR 8-COMPARTMENT BASKET IN BROWN LEATHER

\$4,355

DESCRIPTION

Handmade of the highest quality saddle leather, this vintage-inspired basket is beyond ordinary. Providing both style and function, it will fit in any interior with its rich brown color and natural texture. The tall, rectangular shape features eight compartments and a flap closure with two dowel handles made of rosewood. With an unconventional silhouette that evokes the old doctor's bag, this is a great storage solution by the fireplace for kindling, newspapers, matches, and firelighters, all in their own space, or it can simply be used as an interesting accent piece just as it is.
