LIGHTING : SCONCES & WALL LAMPS

Draga & Aurel

JOY SMALL BLUE AND TEAL WALL LAMP

\$6,920

DESCRIPTION

The unique crafting of this sculptural wall lamp is evident in its vibrant gradients of cerulean and vivid green, resulting from a special casting technique where various layers of colored epoxy resin are placed in the mould. Part of the Transparency Matters Collection available in a wide range of colors, this dimmable lighting fixture is mounted on a brass frame. Any variation in shape is due to a stylistic choice of the designer and is not to be considered a flaw.
