KALI PIPE

\$470

DESCRIPTION

This stylish pipe was handcrafted from a solid block of 5000-year-old fossilized bog oak wood. The natural black coloration of the wood gives it a mystifying feel. The visible geometric shapes created by the wood grain and the sandblasted texture complement the linear construction of the pipe.

DETAILS & DIMENSIONS

- Material: Fossilized Oak, Cumberland Ebanite
- Dimensions (in): W 5.46 x D 1.56 x H 2.34
- Dimensions (cm): W 14 x D 4 x H 6
