KANOPI 2 BLACK VASE WITH LID

\$520

DESCRIPTION

This urn-like vase with lid is both classic, in the design of its sinuous silhouette and the addition of its delicate lid, and modern, in the choice of matte black as a finish for its exterior. The white glossy finish of the inside strikingly complements the piece, that can be used as a container or as a vase. This elegant object is ideal as a decoration for a living room or entryway and can be paired with another just like it, or with its white version, for a more dramatic effect.
