Ulivi Salotti

KASHMERE CUSHION

\$840

DESCRIPTION

This striking cushion will adorn a contemporary interior with subtle elegance. The striking weaving pattern of the wool cover in sophisticated gray is finished with a single button at the center and complemented by a rim that follows its entire perimeter in brick red-colored Grassè leather. The combination of contrasting colors and textures creates a refined sense of movement and will particularly suit any of the seating options by Ulivi in one of the two hues.
