KAYAN COFFEE TABLE WITH AZUL MACAUBAS TOP

\$15,270

DESCRIPTION

This striking coffee table is a sculptural piece of contemporary design exuding timeless elegance. Boasting a sturdy hourglass shape, the structure is composed of various rings of stainless steel that are bent, welded, and polished by hand to obtain a superb mirroring effect. This table is inspired by the ornamental brass rings worn by Kayan women in Myanmar to protect their neck from tigers' attacks. The top showcases a rare Azul Macaubas quartzite (5mm-thick) marked by mesmerizing tones of blue. This piece is customizable upon request.
