KAYAN SIDE TABLE WITH AZUL MACAUBAS TOP

\$13,440

DESCRIPTION

A unique objet d'art of contemporary allure, this exquisite side table is inspired by the ornamental accessory worn by Kayan women around their necks to protect them from tigers and a mark of beauty among this ethnic group in Myanmar. The structure is composed of stainless steel rings that have been bent, welded, and polished entirely by hand to create an elegant mirrored effect, enlivened by a splendid top (5mm-thick) fashioned of precious Azul Macaubas quartzite boasting captivating blue hues. Ask the Concierge for available customization.
