## KAYAN SIDE TABLE WITH SKY GOLD TOP

\$14,400

### DESCRIPTION

A striking piece of timeless elegance, this side table boasts a sculptural and contemporary flair. Composed of a series of brass rings bent, welded, and polished by hand to give a shining mirrored effect, its sturdy and unique silhouette is inspired by the rings worn by the Kayan women in Myanmar to protect their necks from tigers' attacks. This splendid design is completed with a 5mm-thick layer of rare Sky Gold quartzite on the round top. This piece is customizable upon request, please ask the Concierge for details.
