La Cividina

KEISHO DARK BROWN SIDE TABLE

\$920

DESCRIPTION

An ideal pair with the Suiseki modular system of modern living room seating, this side table will be a perfect complement to all the La Cividina armchairs and sofas. Its organic silhouette is inspired by stones that become sculptures when molded by wind and water. Light and easy to move, this piece is made of ash wood with base and top in steel varnished in the same dark brown as the wood's stain.
