## KENTON SIDEBOARD

\$7,670

### DESCRIPTION

An enthralling revisitation of the 70's era linear style, this stunning sideboard will be a dramatic and versatile accent that will elevate the artistry of any entryway, living room, or dining room, both into a modern and a more classic decor. This unique piece has a veneered Canaletto walnut frame with four drawers and four doors, each with two adjustable wooden shelves inside and rectangular metal handles with an antiqued bronze finish that recalls the slim tubular frame that supports it. Metal details can be customized in black chrome finish upon request.
