KENYA 1 DINNER PLATE AND DESSERT PLATE

\$180

DESCRIPTION

A stunning addition to an eclectic or modern home, this set of two porcelain plates will make a refined statement on any occasion. Both dinner plate (28 cm in diameter) and dessert plate (21 cm) are adorned with the same image, creating an exquisite effect on the table when displayed one on top of the other. The vintage black and white scene, one of six different designs, depicts three women attending the fire and preparing food. On one side of the plates, a pattern of triangles in yellow with gold accents adds a contemporary touch and a refined pop of color.
