### KENYA 3 DINNER PLATE

\$110

#### DESCRIPTION

This elegant and unique dinner plate in porcelain is part of the Kenya collection, comprising six different designs, each depicting a vintage scene in an African village. In this case, a baby is held by the proud mother and introduced to a community of warriors. The delicate scene is rendered in exquisite detail and adorned with a striking contrasting decoration of triangles in soft pink and gold that break the image in one corner, adding a contemporary accent.
