KING PLATE

\$110

DESCRIPTION

Part of the Paradise series, this plate uses the timeless and elegant color combination of gold and black over the white background of the ceramic. An abstract interpretation of the precious Byzantine style, the geometric perfection of the circle appears in small black dots and in the central black and white element, surrounded by a series of round elements cut in half. Exquisite and modern, this piece will enrich the decor of a contemporary dining room and can be served along with other pieces from the same designer for a dynamic effect.
