KUKINTO VASE BY TIMO SARPANEVA # 1

\$3,490

DESCRIPTION

A captivating sculptural work, this vase designed by Timo Sarpaneva in 1991 is defined by striking bands of color dancing amid the clear glass. Fashioned of mouth-blown glass, the alternating bands of black, red, light green, and sapphire blue glass highlight the tall and fluid silhouette of the vase, bending and twisting along the sinuous mouth.
