KUMI TILLA IN WONDERLAND MASK WITH STAND

\$2,790

DESCRIPTION

This collection features six pieces inspired by the African tribal tradition that are entirely handmade of Mutaforma's innovative TILLA® picotesserae (small glass tile) accented with silver leaf. Designed by architects Fabio Rotella & Flavia Aprilini, this elegant and lustrous mosaic mask features the visage of a girl from Kumi, Uganda. Mounted on a nickel-plated metal structure, this mask opens to reveal a secret compartment with light gray velvet interior. The pedestal is a black nickel-finished rod of about 170 cm height.
