## KUNISADA ALLUREX SILVER® DECORATIVE PANEL

\$170

### DESCRIPTION

The unique character of master Utagawa Kunisada's prints on wood is rendered in this decorative panel, reproduced with an R-type print on Allurex®. This prized aluminum undergoes a silver-anodizing process that makes it corrosion-resistant and lends it a refined satin look. A linear black frame encircles the panel. Please ask the Concierge for variants.
