DESCRIPTION

A precious one-of-a-kind addition to a luxurious living room or a stunning decorative accent for an eclectic entryway, this mirror will be sure to make a statement, thanks to its texture, rich colors, and the unique addition of vintage findings collected by Danila Bonito for many years. The rectangular base in wrought iron is equipped with hanging hooks in the back, but this piece can also be built in the wall. The green background provides the setting for an antique bathroom set with malachite, an Indian perfume holder, and other elements in silver, crystals, and turquoise stones.
