## SABER KNIFE WITH RED PLEXIGLASS HANDLE

\$350

### DESCRIPTION

This exquisite knife is a saber to open a champagne bottle using the sabrage technique, in which the force of the blunt side of the blade hits the lip of the bottle, breaking the glass to separate the collar from the neck of the bottle. A unique gift, or a special addition to one's personal kitchen, this piece will make a statement during a party, with its ornate stainless steel blade and handle in plexiglass with an intense red finish.
