L04 RED TABLE LAMP

\$3,240

DESCRIPTION

Combining a minimalist silhouette with noble materials, this chic and modern table lamp will enrich a console, private studio or bedroom dresser with timeless elegance. The rectangular open frame is fashioned of red marble, whose intense color fires up when illuminated by the light source. This magnificent lamp rests on a rectangular brass plate that mirrors the large band along the top border of the piece where the light elements are concealed. A band of brushed brass with golden hues outlines the profile of the lamp to enhance its essential lines.
