LIGHTING : TABLE LAMPS

Monica Gasperini

L04 WHITE TABLE LAMP

\$3,240

DESCRIPTION

A testament to visual balance and elegant simplicity, this rectangular table lamp has a high aesthetic impact that will be especially suited in a modern or mid-century inspired interior. The rectangular plate that supports the lamp, the band that outlines the rectangular frame, and the two elements on the top under which the light source is placed, are all made of brushed brass whose golden hue complements the exquisite black, gray and dark green veins of the White Beauty marble frame. This sculptural lamp will stand out on a living room console, bedroom dresser or office desk.
