LIGHTING : FLOOR LAMPS

Monica Gasperini

L2 FLOOR LAMP

\$5,680

DESCRIPTION

This magnificent floor lamp was entirely made by expert craftsmen using artisanal methods and it will enhance the look of any decor thanks to its exquisite execution and its use of precious materials. Its timeless allure is given by its minimalist silhouette made of a squared base and structure in brushed brass that splendidly complements the body of the lamp in Saint Laurent marble, with its white and golden veins. The light runs vertically on both sides and on the top of the piece.
