LIGHTING : TABLE LAMPS

Monica Gasperini

L4 TABLE LAMP

\$6,120

DESCRIPTION

This sophisticated table lamp was entirely made by hand by expert artisans. Its simple silhouette is chic and modern and will enhance the decor of any room it is placed in, especially if decorated with a modern sensibility. Its rectangular shape is accented by brushed brass elements at the base and at the top, and the latter one covers the light source. The thin body of the lamp is in Saint Laurent marble, whose background complements the golden hues of the brass and is enriched by white and golden veins.
