LIGHTING : PENDANTS

Monica Gasperini

L5 CEILING LAMP

\$3,760

DESCRIPTION

This pendant ceiling lamp was made by expert craftsmen entirely by hand using precious Saint Laurent marble. The black of the stone is adorned by natural veins in white and gold that make each piece a one-of-a-kind decorative and functional object. A brass element complements the marble and covers the light source. Either alone, or used with others at different heights to add a dynamic effect, this lamp will make a statement in any decor.
