Murano Glam

LAGUNA SET OF 6 BLUE GLASSES

\$420

DESCRIPTION

This unique set will be a sophisticated addition to a modern home, marked by dashes of color and dynamic pattern that will define a modern dining decor. The six glasses of this set are mouth blown and decorated by hand using the "sommerso" technique. Spots of different tones of blue, green, and red and assorted "murrine" are enclosed in a layer of transparent glass, with silver leaf for a luminous effect. The bottom of each piece is left irregular, marking its craftsmanship, and variations in colors may also occur since each glass (8 x 8 x H 13 cm) is made by hand.
