## LAGUNA SET OF 6 SILVER MULTI-COLORED GLASSES

\$420

### DESCRIPTION

This stunning set of six glasses is part of the Laguna Collection celebrating the multi-colored liveliness of the Venetian landscape. The mouth-blown glass is hand decorated with colored dots combined with "murrine" and silver leaf. The metal will preserve its luminous color thanks to the "sommerso" technique, where decorations are enclosed in a layer of transparent glass. Each piece (8 x 8 x H 13 cm) is a celebration of hand-craftsmanship and will boast variations in patterns and size, a mark of artisanal production.
