LARGE FIRENZE TEALIGHT LAMP WITH PLATINUM BAND

\$175

DESCRIPTION

A minimal yet sophisticated statement piece that will enliven any modern interior, this superb tealight holder lamp is fashioned entirely of mouth-blown glass in a modern mix of colors. The lamp's round base tapers to form a thick stem with a slight hollow body to host the tealight, the ribbed clear glass enhancing the linearity of the piece. Topped with a conical light gray lampshade with hand-painted platinum borders, this lamp is a striking modern lighting alternative for any room.
