LARGE PAVONE ROSSO SALAD BOWL

\$680

DESCRIPTION

This large salad bowl in thin ceramic features a rounded shape and was crafted entirely by hand. Its elegant hand-painted decorations allow for this piece to be used as a centerpiece for ornamental purposes as well. The traditional Penne di Pavone motif from the renaissance period is featured on this bowl using bright colors like yellow, blue, turquoise, and orange with the addition of an intense red color, giving the piece a more modern look and a stronger visual impact.
