LARGE SQUARED BLUE BIN

\$450

DESCRIPTION

This large wooden bin can serve as an elegant alternative to traditional bins or as a classy solution to store beachware essentials as towels, swimsuits, and sunscreen lotions with equal ease. A large band made of juxtaposed rows of nautical ropes enlivens the prized blue leather covering the bin's exterior, for a fine tailored ensemble that lends it its characteristic charm. Rope is also used for the lid's handle and perimeter.
