## LARGE TIGER NAUTILUS SHELL SCULPTURE

\$460

### DESCRIPTION

This superb piece will be sure to make a statement in any decor. The sophisticated 925 silver pedestal, with its sinuous decorations, that recur also in the small accent at the top, is the support for a magnificent tiger nautilus shell. The shell, with its curved volumes and striking, natural decorative patterns, create a unique contrast with the silver elements for a modern, elegant effect that will enrich the look of an entryway, or a living room. Either alone or combined with the other Tiger Nautilus Shell Sculptures, this will be an eye-catching piece.
