### LAS PALMAS BOWL N. 1

\$80

#### DESCRIPTION

Part of the Las Palmas Collection introduced at Maison&Objet 2019 in Paris, this elegant bowl is crafted of porcelain for a refined effect that matches the delicate design on its exterior. Elongated leaves dance in the peaceful wind, creating a delicate sense of movement and contrasting with the elegant gold rim at the top of the piece. Versatile and unique, this bowl can be used to display trinkets or serve hot beverages. It can be combined with the other designs in the series for a completed look.
