LAS PALMAS BOWL N. 3

\$80

DESCRIPTION

Part of Las Palmas Collection, this bowl is crafted of porcelain and introduced at Maison&Objet in Paris in 2019. The delicate curves in white are topped with a sophisticated gold rim, while the exterior is adorned with the image of delicate palms swaying in the warm, tropical breeze. The deep turquoise hues of the leaves will add a pop of elegant color on any table. This versatile piece can be combined with the others in the same series and its versatility makes it useful also as a vide poche or small container.
