DESCRIPTION

A thick cluster of leaves in various shades of green and turquoise enliven the pure white surface of this porcelain bowl, infusing a dynamic sense of movement to this everyday piece. The green leaves add a pop of delicate color to the piece that contrasts with the refined gold rim at the top for a striking visual effect. This superb object of functional decor was introduced at Maison&Objet 2019 in Paris as part of Las Palmas Collection and can have a variety of uses, from hot beverage cup to vide poche. Its timeless allure makes it a unique and precious addition to a modern, eclectic, or classic home.
